Creating global leaders who transform themselves and the world through their exploration of international cultures.

Our Focus
At each meeting, a class of CALE Kids™ ages 11 to 14 will explore 3 major areas:

1. Cultural Exchange
   Introduction to the country of study (geography, economy, customs, food exploration, language, art, clothing) and the importance of world travel.

2. Personal & Leadership Development
   Topics include: Social media responsibility, financial literacy, character building, self-acceptance, leadership, personal brand, and etiquette.

3. Social Responsibility & Volunteerism
   Participants make a commitment to change the world in a meaningful way on a local and/or global scale through volunteer projects, and by being socially responsible.

Our Program
The CALE NOW! program is designed to give participants hands-on experience of a world culture. Why NOW? Now is the time to shape who they are – to build conscious leaders who travel internationally and make a positive impact on a global scale.

Each CALE Kid™ actively participates in a summer program, attending weekly meetings and outings to develop skills in leadership and volunteerism, and to expand their experience of the world. By the end of the program, each participant will have a deeper understanding of the country of study, experience personal growth, impact the world through volunteer work, and will have traveled internationally. And it does not stop there. CALE Kids™ commit to a lifetime of continued exploration and a quest to change the world.

CALE NOW! leaders partner with organizations and individuals to fund the trip and program. Then through local and international facilitators, technology, volunteers, and educational outings, CALE Kids™ gain Cultural awareness, Artistic exposure, Leadership development, and global Exchange...NOW!

Your Participation
There are several ways you can transform the life of a young person.

Donate
In-kind, cash, credit cards, gift cards, etc. are tax deductible as allowed by law. Your contributions fund scholarships for students from underserved communities.

Volunteer
Facilitate a workshop, fundraise, market our program, help with technology, chaperone an international trip, and more.
