

Letter of Recommendation Form

Due March 31, 2018

CALE Now is a life-changing summer enrichment and international travel program for students ages 11 to 14. Each summer we challenge CALE Kids to become their best selves through experiential learning. They volunteer to feed the homeless and create their own community service projects, they learn how to manage money and calculate exchange rates, and they become more confident and responsible people as a result of our character development series. We transform the future of young people by also providing them with a unique opportunity to not only learn about a different culture and country, but to actually visit and immerse themselves in that environment. They are prepared for college and life beyond.

If selected, the applicant will earn a partial or full scholarship (valued up to \$5,000) to participate in our 8-week summer program held every Saturday in the U.S., and then spend approximately one week abroad, with close contact with young people and adults in an environment that will require open-mindedness to cross-cultural experiences and active participation in volunteer and personal development activities. Visit www.calenow.org for more information.

To succeed, the applicant must have a high degree of motivation and the ability to adjust to people of different social and cultural backgrounds. *We are interested in students with potential, especially those who have opportunities for growth.* Please be very honest in your assessment of the applicant to help us to determine whether she or he is ready for, and will benefit from, this kind of program. Please indicate your assessment of the applicant's characteristics by marking the appropriate boxes and answering all of the questions on this form only. Your answers will remain confidential.
